Re: Utility Patent Application

Dear Assistant Commissioner:

Please accept and process this application for a Utility Patent entitled, "Computer System and Method to Automate the Shipping Market and Wireless Marketing Services for Consumers".

This patent is directly related to the Provisional Patent I filed on June 26, 2000, Application Number 60/214,051, entitled, "Internet Computer System to Automate the Shipping Market and Wireless Marketing Services for Consumers". I am mentioning this provisional patent since I understand that I can use this earlier filing date for this current Utility Application (what I am filing now).

In addition I want to make a reference to three Disclosure Documents that I have filed in your program, with the intention of having your office retain them past the two year deadline, if they are still in your files.

These three are:

1. DD #460543, authored by me, time stamped by your office on Aug. 16, 1999, entitled "Business Method of Providing an Internet Call Auction Site for Any Goods for Use by the General Public and Industry".
2. DD #471205, authored by me, time stamped by your office on March 21, 2000, entitled "Product Keyword Identification System for Internet Auction and Market Websites".
3. DD #471533, authored by me, time stamped by your office on March 27, 2000, entitled "Keyword Matching System for Internet Markets and a Just In Time Advertising System for Cellphone Access".

Thank you for retaining these documents in your system – they may be useful for my application.

Sincerely,

John Weirich
